

**Wigan**  
**Council**

I am writing to request the following datasets under the FOI Act 2000 for Wigan. The data will be used to power Safest Way: <https://safestway.co.uk/>, a mobile journey planner tool for women to suggest safest walking routes at night.

### Streetlighting Data Requested:

For all streetlights under your authority, please provide:

1. Lamp post coordinates (Easting–Northing, or Latitude–Longitude)
2. Lamp post location (street address, postcode)
3. Light Type (e.g., LED, Halogen, Sodium Vapor)
4. Wattage/Luminance Level

Please see attached spreadsheet

5. Lighting Schedule (ON/OFF times if applicable)
6. If the Lamp Post have an EV charging Outlet

Dusk till dawn operation of lights

No EV charging outlets.

Please accompany each light with a unique ID if possible.

### CCTV Data Requested:

For all public-facing CCTV cameras under your authority, please provide:

- |  |  |
|--|--|
| 1. Camera coordinates (Easting–Northing, or Latitude–Longitude)                  | Currently we do not hold this data as we are in the progress of updating our GIS data  |
| 2. Camera location (street address & postcode)                                   | This information can be obtained from the local authority's web page <a href="#">Public Space CCTV Locations</a>   |
| 3. Type of Camera (e.g., Fixed, PTZ, ANPR, 360-degree)                           | Our public Space CCTV comprises of both fixed and PTZ devices  |
| 4. Mounting Location (e.g., street pole, building facade, traffic light)         | Public Space CCTV predominantly uses dedicated camera columns, but cameras are also deployed on street lighting infrastructure or located on local authority buildings. This data can be obtained from the following link along with further information relation to our Public Space CCTV <a href="#">Public Space CCTV Locations</a> |
| 5. Purpose of Camera (e.g., Crime prevention, Traffic monitoring, Public safety) | The purpose of our public space CCTV is to support public safety and crime prevention  |
