

## Request

1. How many complaints did the council receive between January 2023 and December 2024 related to mould or damp within private and social housing?
2. How many (if any) of these complaints were recurring?
3. How many mould or damp incidents reported between January 2023 and December 2024 were classified as making the property uninhabitable?
4. For the above questions, can you please split this by calendar year for 2023 and 2024 as well as by social and private housing?
5. How many properties are currently known to be dealing with damp or mould issues that haven't been fixed by the council?

## Response

**442** complaints – Social Housing  
Jan-Dec 23 – **186**  
Jan-Dec 24 - **256**  
**1** complaint – Private Housing (2023)
