Request

Please could you advise me how much agricultural land (all grades), in hectares, will be lost, in your authority, under both the Places for Everyone Plan and under your Local Plan.

Please can you list each separately i.e. how much under PfE and how much under your Local Plan.

Response

The Places for Everyone allocated 241.63ha of land, of which 205.31ha is agricultural land.

The Initial Draft Local Plan is proposing to allocate 544.41ha of land, of which 241.85ha is agricultural land.
