

REQUEST 17954

1. What is the temperature that each pool in your local authority area aims to achieve (as of March 2025) – please provide in degrees Celsius, please be as specific as possible, and provide temperatures for different pools if applicable (eg main pool and toddler pool).
2. Has there been a change in this aimed-for temperature changed in the past 5 years? If yes, please be as specific as possible on all changes since 2020.
3. If yes to Q2, for each pool what is the primary reason for any changes in temperature?
4. If yes to Q2, was there any public consultation regarding a temperature change? If so, please share responses if possible.

RESPONSE

1. Main Pools 29 degrees
Small Pools 30 degrees
2. During the energy crisis the Main Pools were reduced to 28 degrees for 12 months.
Small pool remained at 30 degrees
3. Cost reduction
4. No as the reduction on the main pools was within the National recognised standards of 27-29 degrees for recreational pools.
