

## Request

Under the Freedom of Information Act 2000, I would like to request the following information for the financial years 2022/23 and 2023/24:

- a. The number of business tenders awarded by your authority.
- b. The total value (£) of those tenders awarded.

If possible, please break both figures down by industry or sector (e.g. construction, IT services, professional services, etc.). *If this breakdown isn't available, the overall totals would still be greatly appreciated.*

If available, I'd also be grateful if you could indicate:-

How many of these tenders were awarded to small and medium-sized enterprises (SMEs), defined as businesses with fewer than 250 employees, and either an annual turnover not exceeding £36 million or a balance sheet total not exceeding £18 million, in line with the UK Government's definition.

If your records use SIC codes to classify tenders, please include the codes or descriptions.

If you cannot provide data for both years, please share what is available. I would also welcome any guidance or related datasets that might provide similar insight.

## Response

### 2023/24

The number of business tenders awarded by Wigan Council: 135

The total value (£) of those tenders awarded: £214m

Tender Awarded to SMEs: 83
