

REQUEST 18362

I would like to request information in regards to Planning Application A/23/96040/ MAJOR, particularly in regards to alternative sites (besides Hawkhurst playing fields) that have been considered by Wigan Council/ DfE and the reasons for discounting them as potential development sites.

If that request is too broad, I am specifically interested if the field space at the front of Bedford High School has been considered as a potential location for re-development, and if so, the reason(s) it has been discounted.

RESPONSE

The application in question was prepared and submitted by the Department for Education (DfE).

Please direct your request to the DfE.
