Request

Please could you provide details of all road works that have taken place on Warrington Road in Ince, Wigan, specifically between Moss Lane and the Phoenix Way roundabout, over the last two years (from July 2023 to July 2025). I would be grateful if you could include:

- The number of separate instances of road works within this section of road.
- The start and end dates for each instance.
- The nature of the work (e.g., utility works, resurfacing, emergency repairs, etc.).
- The organisation or contractor responsible for carrying out the works.
