

REQUEST 18487

RESPONSE

I'm after some more information on the total cost of supported lodgings in 2024/2025, and with this, the total number of children supported in the same year. This will be used to calculate what the average cost of each arrangement is within supported lodgings.

We have not had any children in supported lodgings in this period.

Data requested:

1. Total expenditure for supported lodgings: 2024/2025
2. Number of children in supported lodging placements: 2024/2025
3. Number of hours support provided based on the above: 2024/2025
