

Wigan[♥]
Council

Request

In January 2025, Wigan Council received a report of construction waste found on public land.

The report number was FLY014055. The bricks and other construction waste were removed in June 2025.

I would like to know who covered the cost of removing these bricks and what the cost was.

Please attach an invoice for the waste removal costs.

Response

The cost of the removal was £400+vat this was paid for by Wigan Council. Please see invoice attached. This amount is however rechargeable to the tenant who left the debris.
