

REQUEST 18668

I would like the details of any contracts awarded in respect of any consultancy, surveys or repairs completed to date on Ashton library. Please include details of what procurement process was used to appoint a contractor, which contractor was awarded the contract, the services delivered under the contract and the total value of each contract

RESPONSE

One Contract awarded to Atkins Realis for consultancy services.

Pagabo Consultancy Framework, Complete Service Solutions comes under Lot 1 – in which Atkins Realis are the only supplier therefore awarded the contract.

Contract is to:

To produce an options appraisal that focuses on the refurbishment of Ashton Library.

Option 1 is to eradicate the dry rot within the building, make wind and watertight, make good any damage and redecorate.

Option 2 is to undertake the works detailed in option 1, plus the creation of flexible space to the ground floor and conversion of the current upstairs flat.

These proposals will evaluate the architectural and historical importance of the building and assess its capacity for change without compromising its significance.

The proposals will look to unlock the building's potential whilst ensuring its character is preserved, therefore helping to determine the optimum viable use.

Value is £29,981.65.
