

Request

I am benchmarking some stats from similar sized authorities and wondered if I could get from January 24 to current a month by month breakdown of FOI/EIR requests received, no need to separate them; how many completed on time and a % for each month.

Response

Please see table below.

Please note that before calculation of percentages - those requests that the status was 'did not proceed', 'awaiting clarification' and 'have not reached 20 days' were removed from total requests received.
