

## REQUEST 18858

I would like to be sent:

1. The number of local authority-maintained schools in the local authority area with overall (rather than in-year) deficits. I would like the figures to be broken down by year, providing the figures for 2022-23, 2023-24 and 2024-25
2. A table naming the schools with an overall deficit by the end of 2024-25, providing their URNs and their deficit positions

If any of the information is already in the public domain, please can you direct me to it, with page references and URLs if necessary.

## RESPONSE

1.  
2022-23 9 schools  
2023-24 9 schools  
2024-25 9 schools

2.
