Request

Could you provide table showing the number of taxis and Private Hire vehicles licensed in your area for the last 20 years i.e. the total taxis and PHVs in each of the last twenty years.

Response

We are only able to provide a list of currently licensed vehicles. This is available via our public register:

[Public register](#)

Our system is a live database, and the expiry date of licences is over typed each year, when a licence is renewed.

Our database does not go back 20 years.

We have a set limit of the number of hackney carriage vehicle licence we will issue, which is 136.
