10. Please may you provide a copy of the contract.	We are refusing your request under <b>Section 43(2) of the FOIA</b> , which exempts information if its disclosure would, or would be likely to, prejudice the commercial

interests of any person, including the public authority holding the information.

**Reasons for Refusal:**

Disclosure of the requested contract would be likely to prejudice the commercial interests of both Wigan Council and the Supplier because:

- The contract contains detailed pricing and financial terms that are not publicly available.
- Releasing this information could undermine the supplier's competitive position in future tenders and harm the authority's ability to secure best value in future procurement exercises.
- There is a real and significant likelihood that disclosure would result in commercial disadvantage.

**Public Interest Test:**

Section 43(2) is a qualified exemption, so we have considered whether the public interest in disclosure outweighs the harm to commercial interests.

- We recognise that transparency and accountability in public spending are important.
- However, disclosure of this commercially sensitive information would likely cause significant harm to competitive processes and future negotiations, which is not in the public interest.
- On balance, we consider that the public interest in maintaining the exemption outweighs the public interest in disclosure.
