

REQUEST 18945

I like to know how many times Bolton Road, Ashton-in-Makerfield has had roadworks on it within the last 5 years.

I would like this information to include dates for the roadworks beginning and ending.

I would like it to include which company was carrying out these works and for what purpose.

Any other details associated with the roadworks (scheduled times to be worked on), please also be added.

RESPONSE

Please see accompanying Excel file containing the requested data.
