

I am writing to you under the Freedom of Information Act 2000 to request the following information relating to electric on-street charging.

- |  |   |
|--|---|
| 1. Did your council apply for the OZEV cross pavement charging grant?  | Greater Manchester Combined Authority applied for the grant funding on behalf of Wigan Council and the other GM districts.  |
| 2. With regards to offering cross pavement charging to your residents (for electric vehicles), are you in the planning stage, trial stage, live stage or do you not currently plan to trial cross-pavement charging? | Trial stage for a permanent under pavement cable charging solution is intended to start December 2025 / January 2026.   |
| 3. If cross pavement charging is not yet available through a trial or live scheme in your area, when are you planning to start trials for cross pavement charging?   | As above  |
| 4. If it is already available, how many streets is it available in?  | N/A   |
| 5. If it is already available, how many applications have been received?   | N/A   |
| 6. If it is already available, how many applications have been approved?   | N/A   |
| 7. What is the total cost to residents to install cross pavement charging and how will this change if you are awarded the OZEV cross-pavement grant?   | Residents are not currently permitted to arrange the installation of cross-pavement channels. The upcoming cross-pavement charging trial, has zero upfront installation costs for residents. Installation costs, if any, for any future trials or projects would be determined on the specific conditions of those initiatives. |
| 8. How many on-street chargers are currently available in your local authority?  | None  |
