

**Wigan**  
**Council**

**Request**

The bin collection area mapping for Wigan Council appears to map a postcode to a bin collection calendar code; e.g. WN7 1EU maps to 'WEDDD', WN1 3TB maps to 'WEDAAG', etc. This was found through using the bin collection calendar website and entering a postcode to find each calendar had a different URL suffix (e.g.-

<https://apps.wigan.gov.uk/MyNeighbourhood/Calendars/WEDAAG.pdf>.

I request a copy of the complete mapping data for this please; for example, a spreadsheet with postcode (or postcode range, or however you record it) in the left column, and bin collection calendar code in the right please.

**Response**
