

Please treat this as a request under the Freedom of Information Act 2000. I would like to request the following:

- | | |
|--|--|
| 1. The prioritisation criteria, scoring metrics, or methodology used by the council to determine which locations receive traffic-calming or 20 mph compliance interventions. | Traffic speed and recorded injury road accidents are metrics for identifying roads where road safety measures could be considered. |
| 2. The current list of sites on the traffic-calming or road-safety priority programme, including their scores and rankings (if applicable). | No sites currently planned for physical traffic calming measures |
| 3. Details of the budget allocation for traffic-calming measures in the current and previous financial year. | No specific budget allocated |
| 4. Any planned or proposed schemes affecting Jean Avenue, Leigh | None |
| 5. The council's policy or guidance on self-enforcing 20 mph zones. | No traffic calming policy however please see the following link on how the Council is working to reduce vehicle speeds. Roads 20 mph |
