

I would like to request information relating to **graffiti removal** within your local authority area. Please could you provide:

1. Annual expenditure specifically attributable to graffiti removal (or graffiti-related vandalism removal) for each of the last five financial years (or the most recent years held).
2. Number of recorded graffiti incidents for each of those same years.
3. Whether graffiti removal is separately budgeted/recorded, or included within a broader street-cleansing/environmental maintenance contract.
4. Any trend data or commentary indicating whether expenditure is rising, falling, or broadly consistent.

If exact figures are not held, estimates or the closest available equivalent data would be greatly appreciated.
