

**Wigan**  
**Council**

I am writing to request information relating to cladding remediation in buildings within the administrative area of Wigan Council.

Please provide the figures up to the latest possible date:

1. The total number of residential and mixed-use buildings in the council area identified as having unsafe cladding or other external wall system fire-related defects that place them in scope for remediation programmes.
2. Of those identified, how many have:
  - a. Have remediation work in progress (i.e., physical works on site)
  - b. Completed remediation work
  - c. Not yet begun remediation

None - all high-rise buildings have had cladding removed and we do not own any other 11-18 m residential buildings.
