

I am requesting information about expenditure on signage and related physical infrastructure for the planned Greater Manchester Clean Air Zone (CAZ) charging scheme (including the signage programme and any associated installation works). Information requested (please provide recorded information held)

1. Total costs – signage and related works: The total amount spent to date on CAZ-related signs (including design, manufacture, purchase, installation, and any associated traffic management), broken down by financial year and by cost category.
2. Volumes and status of signs: For each sign type/category (where recorded), please provide:

number of signs ordered/purchased; number installed; number removed (if applicable); number updated (i.e., 'under review' stickers added); number currently in storage (if applicable); number disposed of recycled/scrapped/repurposed/ transferred (if applicable)

3. Installation, removal, storage, and maintenance costs: Please provide the total costs (broken down by financial year where possible) for:

installation works (including traffic management); any de-installation/removal works; storage/warehousing costs; maintenance/repair costs for CAZ signs/infrastructure

4. Contract changes and cancellation/termination costs. Please provide:
 - a. any recorded cancellation/termination fees, compensation payments, or costs arising from contract variations linked to the pause/halt/withdrawal of the charging scheme
 - b. any recorded costs linked to delays, re-scoping, or contract stand-down arrangements (for signage/infrastructure)
5. Write-offs / impairment / disposal proceeds. Please provide any recorded information on:
 - a. the value of signage and related infrastructure written off, impaired, or treated as abortive expenditure
 - b. any proceeds received from resale/scrap, transfers, or repurposing of signage assets (including the value if transferred internally)

6. Funding and any clawback/returns. Where recorded, please provide:
 - a. amounts spent using central government grant funding for this signage/infrastructure work
 - b. any recorded requirement for clawback, repayment, or return of funds linked specifically to signage/ infrastructure following the pause/halt/withdrawal (and any amount repaid/returned)

Information not held. This would be a matter for Transport for Greater Manchester (TfGM) not Wigan Council. Please see link below:
