

**REQUEST      19215**

Under the current FoI Acts, please inform me of the number of car parks managed by third party companies where Wigan MBC are the Landlord. Specifically, is Rodney Street car park, managed by Euro Carparks, one of them? If it is, the following:

In the year-to-date, how many penalty charges are associated with the Rodney Street car park?

**RESPONSE**

The land referred to (Rodney St car park, Euro Carparks) is not owned by Wigan Council. Any persons interested can obtain ownership details from HM Land Registry (ref. GM782296). See: <https://www.gov.uk/search-property-information-land-registry>

Whether a car park operator leases the land from the Council or not, the Council has no involvement in the operation of private car parks and cannot answer any questions regarding their fees and charges. These questions would have to be addressed to each operator.
