

Please provide details of any complaints relating to light nuisance (including artificial light pollution or excessive external lighting) received by the council between 1 January 2021 and 31 December 2025.

For this period, I would be grateful if you could provide:

1. The total number of light nuisance complaints received. **123**
2. A breakdown of complaints by source type, specifically residential buildings (for example, private homes or flats) and commercial buildings or premises (for example, offices, retail, industrial, or hospitality sites) **All identified light-related complaints originated from domestic premises such as neighbouring houses or flats. Issues such as neighbours' security lights shining into homes, intrusive CCTV lighting, or decorative lighting causing disturbance.**
