

REQUEST 19294

1. Please tell me how much per annum the Council spends funding residents at Worthington Lake Dementia Care Home.
2. Please provide an approximate annual sum *per resident* funded.

If funding of a resident is not in all cases 100%, please say so in meaningful terms e.g. 12 are fully-funded and 6 are funded 50%.

In case this means divulgence of privileged information (being Millennium Care Homes income) then please tell me either the absolute number or the proportion of residents there, who are funded by Wigan Council. Again, whether fully- or part-funded.

RESPONSE

Based on the last full financial year (2024/25):

Annual spend 24/25: £475,455.42

Number of residents funded within 24/25: 10

Average annual spend per resident 24/25: £47,545.54

1 of the 10 placements was joint funded (50%).
The remaining 9 were fully funded (100%).
