

Can Wigan Council please refer to FOI request 18837.

Wigan Council confirmed that the Fir Tree Allotment Association were not invoiced for their yearly rents for the years 2021, 2022, 2023, 2024 and 2025. In the response I was informed this had now been rectified.

Therefore, can Wigan Council confirm the following:

Whether invoices for rent were sent to the Association for the years 2015, 2016, 2017, 2018, 2019 and 2020 and please provide the dates the payment of rent was made by the Association for the respective years?

The association were not invoiced for the yearly rents for the years 2015-2020.

Note - The Fir Tree Allotment Association took management of the site from Wigan Council in 2015.

Following FOI 18837 and in view of confirmation of the rectification, can Wigan Council confirm the date of invoices for the arrears of rent owed to Wigan Council by the Association for the years 2021 to 2025 have now been sent to the Association and if so, on what date?

The association were sent invoices for:
The annual rent 16/6/25-15/6/26 and for the rent arrears 16/6/15-15/6/25.

Both invoices issued 4/2/26

If they have not been sent, can Wigan Council please provide me the reason why not?

Can Wigan Council please provide me all relevant policies, documents and agreements between Wigan Council and the signatories of the lease for the Fir Tree Allotment site and the Association in relation to racism, homophobia and any other prejudice and discrimination that were agreed at the time the Association took over management of the site from Wigan Council in 2015 or anything else since that is related ?

Under the terms of the allotment lease, the Fourth Schedule contains the Model Allotment Tenancy, which sets out the conditions under which the Fir Tree Allotment Association, as the landlord, grants and enforces individual tenancies for allotment plot holders.
