

I am seeking details on the charges applied to residents versus non-residents and the income generated from these services. Please provide the following information:

1. Burial Fees and Surcharges

- Does the council currently apply a surcharge or increased fee for the burial of individuals who lived outside the borough/council at the time of their death? No - [Fees and Charges Bereavement](#)
- If yes, what is the current "Resident" fee vs. the "Non-Resident" fee for:
 - A standard adult interment (burial).
 - The purchase of the "Exclusive Right of Burial" (the lease for the plot).N/A
- What is the specific criteria used to define a "Non-Resident" (e.g., number of years lived outside the borough)? N/A

2. Financial Data For the most recent completed financial years (2022/23, 2023/24 and 2024/25), please provide:

- The total gross income received by the council from all burial and cemetery-related payments. 2022/23 - £983,316
2023/24 - £934,423
2024/25 - £1,016,105
- The total income specifically generated from the non-resident surcharge (i.e., the "extra" amount paid by non-residents above the standard resident rate). ZERO
- If the specific surcharge income is not tracked as a separate line item, please provide the total number of non-resident burials conducted in the same financial year. N/A

3. Policy and Rationale

- Please provide the date when the current non-resident fee structure was brought in N/A
