

Request

Good morning I would like to submit a FOI request on Wigan Council which would detail any email and correspondence which discusses the influencer Zoë Bread (and any incorrect spelling of that name) and The Astley warehouse action group. Also, I would like to make a FOI request about how much public money and council time was spent on threatening to sue The Astley warehouse action group and Zoë Bread. This includes documents, computer files, letters, emails, photographs, and sound or video recordings. I would also like a record of the companies policy when it came to Wigans press office and Zoë Bread and The Astley warehouse action Group.

I would really appreciate detailed meeting agendas and minutes about council meetings regarding this in particular. I would like to have all details available regarding monitoring images and videos that's Zoë Bread and The Astley warehouse Group have made. Of course, I appreciate things may be redacted due to confidentiality and GDPR.

Response

The requested information is exempt under Section 21 as information is reasonably accessible by other means.

Please see FOI 19539 on the Council's Disclosure Log. It can be accessed using the link below:
