Request	Response
1. s278 agreements;	1. We do not hold this information
2. s38 agreements.	2. We do not hold this information
3. For area-based interventions, please list the area delivered for each intervention (in hectares, or km if distance is the relevant measure), as well as its cost. The list to cross-reference and categorise, though not exhaustive, is: Grassland; Heathland and Shrub; Individual Trees; Lakes; Wetland; Woodland and Forest; Coastal Lagoons; Coastal Saltmarsh; Rivers and Streams.	3. We do not hold this information
4. For non-area-based interventions, please list a relevant quantity for each intervention, as well as its cost. The list to cross-reference and categorise, though not exhaustive, is: Artificial Refugia; Artificial roosts within Developments; Avoid Hedgerow Illumination; Avoid Illumination of Commuting Routes; Avoid illumination of roosts; Barn Owl Box; Bat Boxes; Bird Boxes; Brash Pile Creation; Building material phased removal; Change timing vegetation clearance; Clear habitat outside breeding/hibernation season; Compost Heap Creation; Cover Trenches; Deadwood Removal Outside Breeding Season; Deadwood Retention; Demolition outside hibernation; Destructive Search; Dormouse Boxes; Exclude Bats During Works; Fencing Construction Zone Exclusion; Hedgehog Nesting Boxes; Hedgerow Creation; Hedgerow Enhancement; Heras fencing exclusion construction zone; Hibernaculum Creation; Log Pile Refugia; Low Intensity Lighting; Low UV Lighting; Nest Translocation; Offsite Compensation; Phased Vegetation Clearance; Planting berry/fruit-bearing trees and shrubs; Planting of Wildflower Strips/Meadows; Planting	4. We do not hold this information

Wildflower Mixes; Pond Creation; Pond Restoration; Relocation if encountered; Reptile translocation off-site; Reptile translocation on-site; Restrict works daylight hours badgers; Sensitive Fencing; Sensitive fencing badgers; Soft Felling; Soft Strip Demolition; Time Works Outside Breeding Season; Topsoil Strip; Translocation; Trench Escape Provision; Tunnels/Culverts; Warm Light LED.	
5. In addition to categorising according to this second list where possible, please make clear what the purpose of each intervention was. For example, if the intervention was the creation of a hedgerow, please make clear whether this was for the benefit of one or multiple within the following taxonomy: Badgers; Bats; Birds; Dormice; Great Crested Newts; Hedgehogs; Invertebrates; Reptiles.	5. We do not hold this information
6. If a number of different interventions are set out by the instrument in question and their respective costs are not broken down, please simply provide the aggregate figure along with the listed intervention(s).	6. We do not hold this information
7. Additionally, please provide the planning application/reference number of each development that the instrument is linked to.	7. Not applicable
8. While I appreciate it is not required to do so, it would be desirable if the data could be structured as follows: Column 1: intervention type [area-based, non-area-based]; Column 2: [if area-based] habitat type; Column 3: [if area-based] area; Column 4: [if non-area-based] intervention type; Column 5: [if non-area-based] intervention purpose; Column 6: [if non-area-based] intervention quantity (however measured); Column 7: projected or actual cost of intervention; Column 8: date of intervention [the date of the relevant instrument agreement]; Column 9:	8. Not applicable

instrument type [s278 or s38]; Column 10: instrument term length (where relevant); Column 11: planning application/reference number; Column 12: location [postcode district or grid reference].	
9. Please do not include any instances which would involve double-counting by bodies like Natural England or the Planning Inspectorate.	9. We do not hold this information
10. If the time taken to ascertain this information is considered manifestly unreasonable, please work backwards temporally: so begin with 2025 or 2025/26. Please also consider the requirement to consider partial disclosure in all instances (e.g. redact information considered commercially confidential rather than refusing the request as a whole).	10. We do not hold this information
