Request

1. How many pothole reports did the council receive during this period? Please provide the number of reports received, rather than the number of individual potholes.

2. What was the total monetary value of compensation claimed from the council for vehicle damage, personal injury or other damage allegedly caused by potholes during this period?

3. What was the total amount of compensation paid by the council during this period in settlement of claims alleging vehicle damage, personal injury or other damage caused by potholes on roads?

Response

1) Number of Potholes reported in the financial year - 2959

2) Unable to provide as the Council received a total of 78 claims for the financial year requested, however not all claims are paid and reserves which were allocated for denied claims have been removed from our database.

3) Total paid for claim settlements in the financial year requested - £40,927.68
