

Supporting Communities Fund

About the Supporting Communities Funding

Wigan Council recognises the vital role that our Voluntary, Community, Faith and Social Enterprise (VCFSE) sector plays in the Borough.

Organisations work closely with communities and residents offering support, guidance and activities that are personalised, local, inclusive and accessible, and enable people in Wigan Borough to live healthier, happier lives.

Following the success of the Community Recovery Fund we want to continue to support the sector to thrive and grow, and therefore we are pleased to announce the new Supporting Communities Fund.

Match Funding

Match funding is an important part of our Community Wealth Building Strategy and we have already had significant match investment. For rounds 1 and 2 we had a total match funding of **£337,877.95**
