

We need your help!

Project Overview

We are a mother and baby unit based in Hindley which supports young mums aged from 16 to 25 years old and their babies/children up to the age of 5 years. We support our residents to gain the skills they will need to eventually live independently. Our residents often come from troubled backgrounds and need lots of support and guidance.

What support is needed:

Our young residents don't have much money and their children don't get many treats, we have recently, kindly been offered free tickets to Blackpool Sea life Centre which the children would love but we have been unable to source any transport to take us there. We have 10 mums and 10 babies/children ranging from a few months old to 3 years old and would need a vehicle and driver to accommodate this, plus 2 staff members. We would be very grateful if anyone can help.

Bamber Court Mother and Baby Unit

What difference it would make to our project?

This would really benefit our residents and their children, it would give them something to look forward to and to get excited about. It would give them a chance to get together and will encourage them to get out and about instead of isolating themselves in their flats. It would also encourage our more shy residents to make new friendships.
