

# We need your help!

## Project Overview

Boxing For Better provides opportunities for people in Wigan through boxing and sports, we focus specifically on under-represented groups who might typically find it hard to access physical activity.

We are very participant focussed and try to offer fully inclusive services which aim to develop participants holistically.

## What support is needed:

We run a community Centre in Pemberton, Wigan called Norley Hall Community Centre, WN5 9LP. We have a range of 'Handy Man' tasks which we require some support with;

- A gutter has been vandalised and needs replacing
  - A number of internal locks and door handles need fixing
  - A Metal Spindle in our Railings has come loose and requires welding back into place
  - Some Shelves need fixing to the wall in the office
  - We have 2 fairly solid brackets which need hanging so we can add more punch bags to our sessions.
- Any support the good people of Wigan Borough can offer would be hugely appreciated.

## Boxing for Better

## What difference it would make to our project?
