

We need your help!

Project Overview

We run a community cafe and Shop from the centre, where we provide food on a pay as you feel basis and give free lunches to children in school holidays. We sell pre-owned clothes for £1 or less and give out free pre-owned school uniforms. We also run a food bank and 'bank of things' from the centre, as well as events and activities to help combat social isolation and also offer general support to the community.

What support is needed:

We are developing the outdoor space, and would appreciate any help to clear, topsoil and turf the rear garden.

Diamond Community Support Centre CIC

What difference it would make to our project?

It would provide a space outdoors where we can run activities for residents.
