

We need your help!

Project Overview

We provide door to door transport for vulnerable and lonely residents across the borough, using a team of amazing volunteers to connect residents with the people and places they are struggling to visit without that little bit of extra support our volunteers provide. We also provide transport for community groups, sheltered housing schemes, and care homes with our 16 seater minibus and accessible multi purpose vehicles.

Area: Covers all of Wigan Borough

What support is needed:

Equipment/resources:

We are always looking for new volunteers but at the moment we are looking for a driver to take on a paid part time role driving our 16 seater minibus.

Driven Community Transport

What difference would it make to our project?

We would no longer need to rely on our volunteers availability to drive the minibus which will give us the confidence to take on more bookings for the summer months, and support our sustainability as we recover from the pandemic.
