

# We need your help!

## Project Overview

We aim to alleviate the impact of poverty amongst women and children from communities experiencing poverty and inequality, through education, empowerment, and integration.

**Area Based:** Wigan Central

## What support is needed:

A replacement boiler is needed as soon as possible please, as our boiler has broken and so we have no heating in our building. Also, our electrical consumer unit is outdated and doesn't have circuit breakers. If anyone could provide either of these items, it would be very much appreciated.

## Ekhaya Empowerment CIC

## What difference it would make to our project?

It would make a massive difference as the building is very cold at present, so we are losing customers.
