

We need your help!

Project Overview

Our aim is to alleviate poverty amongst women and children from communities experiencing racial inequalities (CERI) through Empowerment, Education and Integration.

What support is needed:

Flooring – we are asking for flooring, preferably carpet or carpet tiles for our new work space. Unfortunately, the space has been vacant for a long time and the current carpet is not in a good condition. We would very much appreciate this.

What difference it would make to our project?

Ekhaya means "home" in the Zulu language of South Africa. Just like our name we would like to create a homely and welcoming environment for our beneficiaries and the community. A new carpet will be a BIG step towards us creating our dream space that is clean, warm and inviting. As people walk through our doors we want them to feel welcome and special. We want them to know that they are not an after-thought and we believe the space we are creating should represent that exactly.
