

# We need your help!

## Project Overview

For Tyldesley is a community led urban regeneration project trying to improve the high street for local businesses and residents.

**Area Based:** Tyldesley

## What support is needed:

### Equipment/resources:

We are about to open a little office on the high street, so residents can call in and find out more about the project. We already have some furniture but are looking for a large round or oval table that will seat 6 to 8 people so that we can have meetings and consult with the local residents.

## For Tyldesley

## What difference would it make to our project?

It would make the workspace more useable and inviting for the community and somewhere to put down a cup of tea.
