

# We need your help!

## Project Overview

Friends of Ashton Community Garden are a small group of hard working, dedicated volunteers who have worked tirelessly to convert and now maintain a large section of derelict land into a peaceful, beautiful garden used and enjoyed by the local community regularly, including primary schools and festivals.

## What support is needed:

We need support to clear the border at the front of our community garden. As this area cannot be reached with a mower, it gets overgrown and needs to be cleared and weeded by hand.

## Friends of Ashton Community Garden

## What difference it would make to our project?

It would be a big help to have support in clearing the border and making sure the community garden continues to look presentable and welcoming to those passing by, and those who utilise the space. As we are a small group of volunteers, we really appreciate any extra support to get jobs like this done.
