

We need your help!

Project Overview

Friends of Ashton Community Garden are a small group of hard working, dedicated volunteers who have worked tirelessly to convert and now maintain a large section of derelict land into a peaceful, beautiful garden used and enjoyed by the local community regularly, including primary schools and festivals.

What support is needed:

We are looking for support to clear a corner of the garden to make space for a storage container, where we would be able to store our tools and equipment. It will probably require a JCB to clear, but we would welcome a site visit to advise further.

Friends of Ashton Community Garden

What difference it would make to our project?

It would be a big help to have this space cleared to help us continue our work. As we are a small group, we wouldn't be able to clear the space on our own.
