

We need your help!

Project Overview

We help manage an old Victorian primary school building that is not used as a venue for guiding and scouting activities and other groups, , dance / Yoga , the building is also available for hire for children's parties or other events such as a polling station

What support is needed:

Its an old building, so help with time (volunteers) and materials (e.g. paint) to decorate inside and out would be welcomed, to refresh the premises. We could do with some new window blinds in the main hall (tall windows) and some small windows at first floor level, so if companies could help with supplies or even to fit, this would be appreciated. There's scope to fix some wall plastering in parts of the building and some joinery repairs that would be welcomed. We have door skins that are peeling so need attention. Annually there are plenty of leaves to clear from the yard area, so volunteers are always welcomed.

Friends of Astley Scouts and Guides

What difference it would make to our project?

Any support would be welcomed. There are a reduced number of volunteers compared to before the COVID-19 pandemic, and the ones that are involved are now more stretched. Having building refreshed would make it a better location to use (and preserve for future use) There's less and less spaces of its size (community hall in the area)
