

We need your help!

Project Overview

Garswood Hall Bowling and Community Club

We're an all-inclusive Sports and Community Club based on the border of Bryn/Ashton. We run an award winning weekly group every Friday 11am-2pm aimed at encouraging older people out of social isolation. The project is called Bowl and Plate and offers a warm meeting space, hot and cold drinks, a hot nutritious three course meal, pool, quiz, dominoes and attended by and run by lots of beautiful people. We also host a monthly coffee morning on the last Tuesday of each month and have two fantastic bowling greens which offer gentle exercise all year round.

What support is needed:

Joiner to assist with refurbishing our "dated" bar area.

Garswood Hall Bowling and Community Club

What difference it would make to our project?

It would enable other upgrade works to commence which have currently stalled with the short term plan of upgrading our current facilities to make our venue more modernised. The medium term plan is then to develop our facilities by creating extra space, with the venue being in such high demand, as we've outgrown it's current use.
