

# We need your help!

## Project Overview

Arts education and wellbeing community interest company based within Leigh Spinners Mill.

We work with adults and young people to provide education and skills development with all kinds of creative practice, whether visual arts, stop-frame animation, mural painting, 3D model building and more.

**Area Based:** Leigh

## What support is needed:

We need urgent support please to supply and help build scaffolding board shelving and other furnishings within our teaching studio prior to our relaunch within the mill in about 8 weeks.

## Heart Communities CIC

## What difference it would make to our project?

Some assistance to help with our shelving/feature wall would help our students and attendees massively. This feature wall will provide a fantastic opportunity for our attendees to showcase their work, and provide a really attractive look for anyone visiting or attending.
