

We need your help!

Project Overview

The Hollins is a sheltered accommodation scheme in Hindley. The residents of The Hollins are a community of older people who all live at the scheme. As a group we try to stay socially and physically active, and also accessible to the wider community of older residents in the borough, for the benefits brought from good physical and mental health.

What support is needed:

We would like help to purchase heavy duty outdoor seating and chairs. We just want one table and four chairs(or two benches). We have seen heavy duty plastic furniture at other sheltered schemes. It's very stable meaning it's more secure for people who are unsteady on their feet and need to use the furniture to help them stand up.

The Hollins Sheltered Accommodation Residents

What difference it would make to our project?

It would mean residents would be able to sit out in good weather and socialise around a table, but also be accessible to residents who may struggle to get up out of lighter garden furniture.
