

# We need your help!

## Project Overview

As a charity, we have an aim to create affordable space for businesses and community organisations in the centre of Leigh whilst preserving our magnificent heritage. We have lots of businesses in the mill such as sports facilities, a cinema, art studios, a clothes shop, a record store and cafe.

## What support is needed:

We need volunteers to help run our education programme. This would eventually include weekly school visits to the mill where you would help deliver workshops and activities to school children.

We also need volunteers to run our reception within the mill, this would include sitting in the reception area and welcoming guests into the mill, answering queries and giving directions.

## Leigh Spinners Mill

## What difference it would make to our project?

It would allow an education programme to take place in the mill again, we used to have a volunteer education lead who sadly passed away. We would love to get this up and running again.

Having a volunteer to run our reception would give the mill a welcoming feel and would increase footfall to the businesses we have on the various floors.
