

# We need your help!

## Project Overview

As a team we bring the whole community together in fund raising event days, support for children and elderly residents. We started in January this year and covered so much that the community is thriving and it would be so upsetting for it not to continue. The children are being empowered and the elderly are leaving their homes after many years, it's truly humbling to see this achievement which our committee started from our own pockets

## What support is needed:

We are looking for hard plastic trellis tables, a bench so the community have a place outside of their homes to socialise. Any pots for plants and flowers, petrol lawn mower to offer to keep our commercial area mowed, or/and outdoor activities/games for the children. Wool for our elderly residents to keep them stimulated with knitting, to raise fund.

## Park Avenue community events

## What difference it would make to our project?

Words could not describe the happiness for just a little support. We make the best of anything we have and the mental health/support to keep these people outside of their homes to build relationships, and the children out of their rooms
