

We need your help!

Project Overview

We are a community centre located in the heart of the Shakerley estate, Tyldesley. Our aim is to ensure that the community centre is fully utilised and enjoyed by the local community, for the benefit of all. As we have had to close over the lock down period we are now looking to revitalise the centre and make sure that it is a welcoming, comfortable place that people will enjoy spending time.

What support is needed:

We are desperately in need of materials and help to redecorate the centre. Paint, equipment, and volunteers to refresh the whole interior of the building.

We also need tables and chairs for the new cafe area. We can accept in tired condition as we are happy to upcycle, we would also welcome volunteers to help with this, if needed.

Shakerley Community Centre

What difference it would make to our project?

The difference that this would make would be huge. We are looking to open a community pantry, extend the opening hours of the cafe and encourage more people to use the facilities we have available. There are many isolated people living in our community and this centre is a lifeline, providing a place to meet, stay warm, enjoy activities and share nutritious meals together.
