

# We need your help!

## Project Overview

Volunteer It Yourself (VIY) - we're a community interest company that does free, short-term work experience placements for young people (aged 14-24) that are not in/are at risk of becoming disengaged with employment, education or training.

We run community regeneration construction projects and if young people complete 2-3 days on a project with us, we can accredit them with a City & Guilds Entry Level 3 qualification, typically in carpentry, painting & decorating or health & safety.

## What support is needed:

We are looking for local young people aged 14-24 who are NEET or At Risk of NEET to volunteer on our project at Wigan Sports Club where we will be building a large decking area - We want to give local young people to try something new and afterwards support them into education or training.

## Volunteer It Yourself

## What difference it would make to our project?

The project will benefit all party's involved. Firstly Wigan Sports club who will have a new decking area to attract more spectators to the club to enjoy the sport on offer and secondly the local young people of Wigan will benefit greatly from learning new skills and gaining qualifications in Carpentry and Health and Safety
