

Service: Restorative Solutions Team

Module Description: Restorative Thinking

Restorative Thinking is an interactive programme that can be delivered in groups or 1:1, aiming to prevent/reduce offending behaviour through taking a restorative approach. It's a flexible programme and can be tailored to respond to school incidents.

Length of module

6 sessions lasting 1-2 hours, however, it can be moulded to suit need.

Times available

Anytime

Resources needed

The Restorative Solutions Team will deliver this. We would need a room to deliver this. We will provide all resources.

Benefits of this initiative:

Preventing/reducing offending, develop empathy and understanding and promotes restorative approaches to resolve issues.
