

## Voice and Engagement Targeted Services

### Module Description: School council

This module will run over half a day. It entails giving both young people and staff information on how to successfully develop a school council.

It will demonstrate the great benefits of having a school council.

The module can be adapted to meet the needs of your school/group and will be run by members of the voice and engagement team with support from school staff.

### Benefits of this initiative:

To give young people the tools to have their voices heard. To connect positively with their local community. Contribute to their listening and communication skills. To help with organisation and time keeping.

### Booking Information:
