

Voice and Engagement Targeted Services

Module Description: The Deal

The Voice and Engagement team encourage all young people to:

- Speak openly.
- Respect the views of others.
- Have their voices heard locally, regionally and nationally.
- Change things for the better for young people and encourage young people to respect others and the community in which they live.
- Participate in the deal for children and young people.

This module consists of a variety of workshops of your choosing that encompass the values of The Deal. The workshops on offer are -

- * 'Make sure we listen to you'
- * 'Putting you at the heart of your community'
- * 'Believe in you'
- * 'Equality and diversity'
- * 'Be healthy'
- * 'Keep your community tidy and green'
- * 'Learn and achieve'

The workshop will run over a morning or an afternoon with an option to book all workshops, which would run over a 7 week period.

Benefits of this initiative:

To give young people knowledge about The Deal and to give them the opportunity to have their voices heard. It will inform them about voting and encourage healthy debates and will provide information on what services are on offer in their community to help them to learn and achieve. Promote acceptance of equality and diversity.
